**Sub:- Restriction on the usage of service/residential telephone connection to reduce interconnect usage charges.**

I am directed to state that a proposal to reduce the expenditure towards interconnect usage charges has been engaging the attention of the BSNL CO. As a first step in this direction, the competent authority has taken a decision to :-

(a) Audit the requirement of service connections in offices and residence of officers, staff and to restrict them to minimum, and

(b) To permit calls on service connections only within LSA, barring STD calls outside the circle on selected office and residential telephone numbers.

2. You are requested to take necessary action immediately to implement the above decision and report compliance within two weeks to this office. The action taken may be furnished in enclosed proforma I in respect of (a) above and proforma II in respect of (b) above.

This issues with the approval of the competent authority.
